

EGWIM IKECHUKWU GODSPOWER

Frontend Developer | ikegwimik@gmail.com | +2348107027244 | Surulere, Lagos

Portfolio: <https://personal-portfolio-v-2-0.pages.dev/>

GitHub: <https://github.com/iyke-e>

LinkedIn: <https://linkedin.com/in/egwim>

OBJECTIVE

Self-motivated and detail-oriented frontend developer skilled in building responsive, accessible, and user-focused web and mobile applications using React, Next.js, and React Native. Actively building real-world projects and eager to contribute to impactful tech teams.

EDUCATION

Federal University of Agriculture, Abeokuta – BSc. Computer Science

Okota Senior High School, Lagos – WASSCE (2018)

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, HTML, CSS

Frontend: React, Next.js, Redux, Tailwind CSS, SCSS

Mobile: React Native (Expo, CLI)

Tools & Backend: Node.js, Express, Mongo Db, Git, GitHub, Postman, NPM, Yarn, Keycloak, VS Code

SOFT SKILLS

- Effective Communication
- Problem Solving
- Team Collaboration
- Time Management
- Adaptability
- Attention to Detail

EXPERIENCE

Frontend Developer Intern – Integrated Software Services Ltd (ISSL)

May 2024 – Nov 2024 | Lagos / Onsite

- Built and maintained scalable UIs using React and Tailwind CSS.
- Collaborated closely with backend engineers to implement RESTful APIs.
- Participated in Agile sprints and regular code reviews to uphold code quality.
- Debugged and optimized components for performance and responsiveness.

Software Engineering Intern – Acme Software Labs

June 2024 – August 2024 | Remote

- Contributed to a multi-role admin dashboard for managing users and analytics.
- Worked with React and Node.js to build responsive and modular components.
- Integrated REST APIs, wrote reusable functions, and followed Git best practices.
- Earned a certification of completion for the 3-month internship program.

Mobile Development Trainee – Rise Academy

Jan 2025 – Present | Remote

- Currently undergoing hands-on training in React Native, Expo, and mobile-first architecture.
- Building real-world mobile apps and learning deployment strategies for iOS and Android.
- Gaining experience in state management, animations, and cross-platform UI best practices.

PROJECTS

Campus Crib – Full-stack Hostel Management system (In Progress)

React, TypeScript, Redux, Node.js, Supabase, FastAPI

- Allows users to Landlords manage hostel listings, room allocations, and bookings via a centralized dashboard.
- Integrated real-time updates with Supabase and building scalable backend endpoints using FastAPI
